Meetings, with FZO school representatives, skilled workers, and young stakhanovites in attendance, will be held at enrollment centers and clubs in order to familiarize the new students with the fields of study and the work in their chosen profession. Republic, kray, and oblast soviets are to send representatives to city and rayon registration committees.

LIGHT INDUSTRY ENTERPRISES ESTABLISH FZO SCHOOLS -- Leningradskaya Pravda, No 57, 10 Mar 49

Skilled young workers in enterprises of light industry are to be trained in 144 FZO (factory-plant apprenticeship) schools which are now being organized. They are founded on the basis of FZO schools transferred from the Ministry of Labor Reserves.

FZO schools will prepare skilled workers for textiles, footwear, knitted wear, leather, and other enterprises of light industry. The term is from 6 months to 2 years, depending on the profession. The FZO schools of textile enterprises, which will train ring-spinning frame operators, fly frame operators, and weavers, will have a one-year term.

Students are now being registered, and classes will begin in April. Industrial training will be supervised by highly qualified Stakhanovite foremen.
